"KEROSENE ACCIDENT."—Last night, Sabrina Rydner, (col.), living on East Hargett
street, was badly burned, if not fatally so, by the breaking of a kerosene lamp. It
is reported that she was attempting to throw the broken lamp out of the house, but in
the excitement knew it in the lap of the other woman, Sabrina, who was sitting on the
porch, the flame quickly lighting her clothing, which was not put out until she was
badly burned. She is in a critical condition to-day. —Daily Sentinel, Raleigh, N.C.,

The Daily News is now the only paper in Raleigh that gives every morning the latest markets and other telegraphic reports. The public should note this fact.

Resolved, That we earnestly recommend to the members of the Democratic-Conservative party to discourage independent candidates and all other disorganizers, and that all support be promptly withdrawn from every aspirant for office who shall oppose the regular nominees of our party. Resolution adopted by Democratic-Conservative State Executive Committee.

The Republican papers of the State are exceedingly mum on the subject of Civil Rights. We don't blame them, only we think they ought to say whether the thing can be swallowed or not.

The Era of this city, (Radical) asks the significant question, "What has Democracy done for us?" Much to root out the evil effects of Radicalism, and in August next we will do yet more to accomplish this end.

The Era is disgruntled that the Legislature so arranged the conduct of the polls, the requirements to be made of those voting, and the manner of tickets to be voted. It can see only defeat to Radicalism in honest voting. We see as much, and so did the Legislature; hence the requirements.

OUT of 97 aspirants for military honors at West Point, 32 were sent back to school last Friday because they could not write, spell, or cipher, or were not familiar with maps or grammar. This is not a flattering commentary upon the educational system of the country in its elementary stages. The colored candidates all failed.

The people of Petersburg will tonight celebrate the Conservative victory won on Thursday last. The city will be illuminated from top to bottom, and there will be much rejoicing. We shall expect our friends of the News and Index to represent our feelings—we are with them "in spirit if not in the flesh."

The Southern press is nearly unanimous in declaring that the so-called Civil Rights bill, if passed by the House of Representatives, will utterly destroy the common-school system of the South, and re-awaken a feeling of animosity between whites and blacks which had been well-nigh allayed, and also throw a new apple of discord between the North and the South.

The latest advices from Washington are to the effect that the Civil Rights bill will not pass the House this session. The Judiciary Committee were to have made further reports yesterday evening, but with no idea of the bill being considered. The only chance is under a suspension of the rules, and this the House has already objected to.

In the U. S. Senate last week the question of woman suffrage was considered, upon a motion to confer the right to the women of the new territory of Pembina, the motion receiving 19 votes for to 27 against. Thus the question has at last reached the Senate, and the importance given it in the debate that followed shows that it is gaining ground. We may as well conclude that woman suffrage will sooner or later be allowed.

The Charlotte Observer of Saturday has a strong article condemnatory of the independent candidacy of Col. J. F. HOKE for the office of Judge of that District, in opposition to Mr. SCHENCK, the regular nominee of the party. The Observer acknowledges there is dissatisfaction in the party, and that "defeat does stare us in the face" in consequence of the action of those who are personally opposed to Mr. SCHENCK, and adds:

"But that is no justification of Col. Hoke's course. On the contrary, to advance himself, he is doing all in his power, to widen and deepen the breach; to make that opposition more determined; to increase the unfortunate dissensions in our ranks; and to spread as far as he can 'the waters of discontent.' We ask, in all candor, is that patriotic? Is it consistent with the true principles of Conservatism? Is it right?"

"If the issue is forced upon us, then God for our race and the Devil take the poor unfortunate negro."

The above is the significant comment of the Richmond Whip upon the Civil Rights measure. It would undoubtedly prove a most disastrous blow to the negroes of the South. But what care the so-called negro-loving philanthropists of the North, so long as they can make political capital out of the issue? The Republican leaders of the North have no other care for the negro than to obtain his vote.

MAJOR JESSE J. YEATES, the Democratic Congressional nominee of the First District, is doubtless the most acceptable man to the whole District that could have been nominated. He is a gentleman well qualified to fill the seat which has been so unworthily filled by COBB, is extremely popular throughout the District, is a good stump speaker, as his opponent will find before the campaign is over, and we have no doubt but that he will succeed in defeating the majority which, by fraud and corruption, gave the District to COBB in 1872. It affords us much pleasure to place Maj. YEATES' name at the head of our column in the list of Congressional candidates.

We learn that much dissatisfaction exists in the First Congressional District in the Radical ranks, there being a strong feeling in favor of RANSOM, a member of the last Legislature from the First Senatorial District, and against COBB. The nominating Convention, recently in session at Plymouth, was in session three days in consequence of this division of sentiment, and the nomination of COBB was only obtained at last by the withdrawal of the whole RANSOM wing from the Convention, which wing subsequently met and nominated RANSOM. So there is really two Radical Congressional tickets in the field in that District. The Radical party in the State, it would seem, has become thoroughly disgusted with its own corruption, and the evidences of its dissolution are to be seen on every hand. The Democratic party of North Carolina has only to put their shoulder to the wheel in August next in order to wholly overthrow and overcome their opponents.

The Fourth Congressional District Convention—Who Should be Nominated.

The delegates to the Fourth Congressional District Convention will assemble in this city to-day to nominate a candidate for Congress. We have expressed no preference for any individual; there are a number of men in the District who could represent it with honor to themselves and to their State, and we only ask the Convention to exercise that prudence which would ensure the redemption of the Metropolitan District. The friends of the different parties whose names have been brought forward in this connection have been zealously at work, but we hope to see the utmost harmony prevailing.

The following remarks from the Rocky Mount Mail, of last Saturday, so fully expresses our views that we copy them entire:

"The signs of the times indicate that we shall have warm work in Raleigh on the 2d of June. We trust that the delegates will go there with an eye single to the interests of the party, and that if there be any rivalry, it will be a spirit of generous zeal to do most for the harmony and success of the cause. It is no time, in the present political condition of the district and the situation of the two parties, for Conservatives to put forward themselves or their friends, to gratify personal ambition or advance personal ends. We can't afford to gratify or complement individuals by the empty honors of a Congressional nomination, in order to see them beaten at the polls. If the Conservative delegates who have been appointed to Raleigh are influenced by no higher motive than this, then the party is destined to inglorious defeat, and it will deserve defeat.

"But we hope the Conservatives will act cautiously, advisedly, wisely. To nominate a candidate who cannot carry the whole strength of party in every county in the District, will not only keep the Metropolitan District in the hands of the Radicals, but will injure the county tickets as well. In Nash, Johnston and Chatham the two parties are too evenly divided to fritter away our strength on weak candidates, and an injudicious selection for Congress may cause the defeat of our candidates in the three counties named.

"If the Raleigh Convention shall put forward an objectionable man, the Conservative party of the District and of the State will hold it to a rigid accountability, and it will be made to bear the responsibility of the defeat that will almost inevitably follow.

"Let the delegates then, with the motto of, 'all for the cause, nothing for men,' come up to the full measure of their duty. Let their action be such that we will have ENTIRE HARMONY in the District, and let them vote for no man for nominee, no matter how great some may consider his individual claims, whose name will bring about any opposition in our ranks, from any portion of the District.

"We have good material for an able and eloquent standard bearer who can enter the field with the confidence and sympathy of the whole party. With such a candidate we can win the district by a handsome majority. Let us see to it that this is done."

North Carolina Walnut Going to Boston.

The Newbern Republic-Courier learns that an enterprising gentleman from the North, with his family, recently visited McDowell county, and that being impressed with the value of the black walnut and other timber situated in that locality, he soon completed arrangements for conducting a profitable business. Says the Republic-Courier:

"Mr. Curtis is now not only paying the people of McDowell county a good price for their lumber, but is giving employment to numbers of men and teams in preparing and transporting the lumber for shipment. Fifty car-loads are en route, with more to follow. Such enterprises are of much benefit, and would be still more so if some of those persons would manage to manufacture the lumber into something which might give employment to North Carolina mechanics. Let new avenues of business be opened; let our State and people offer the required inducement, and soon the busy hum of the spindle, and the mechanics hammer will re-echo from our mountains to the seaboard."

CIVIL RIGHTS BILL IN LEWISBURG.—The passage of the civil rights bill by the United States Senate has aroused the indignation of one of our colored barbers. The enlightened Senate of the nineteenth century certainly was not aware of the fact that there is nothing under the heavens more distasteful to a negro than to be obliged to wait upon a negro, or to be obliged to have a white man shave him. We heard one of our colored barbers give vent to the following expression, which plainly shows his opinion of the bill: "No fool nigger needn't come in here to get shaved; if he do, I will take him into the back room and shave him with a dull razor and charge him fifty cents for it; and I guess he won't come in here no more. Shave-a-nigger! I see a fool! Shave a nigger!"—Greenbrier Independent.

THE CIVIL RIGHTS BILL.—General Butler, it seems, has a very good reason for not pressing his civil rights bill, and that is the intimation coming from the President that he would certainly veto it in its present form. He would press it if he could be assured of a two-thirds vote on the idea that its passage by such a vote might have some effect upon the President's action. The Republicans who would rather not be recorded on the bill are well satisfied that it should go by default. The colored people here are indignant, however, and have called upon Judge Hoar to know why he does not press it. They told him plainly that Mr. Sumner left it to him as a sacred legacy, and they ask him to fulfill his duty as executor. Judge Hoar replies that at present there is no hope of success, and bids his colored friends to bide their time hopefully.—Washington Telegram.

Queen Victoria showed her friendly feeling toward her ex-Premier recently, by inviting Mr. and Mrs. Gladstone to attend, or rather commanding their attendance, at the grand banquet given to the Czar at Windsor Castle.

The Brooklyn Argus says that in South Carolina a man is looked upon as a sort of Czar if his fortune only amounts to half as much as Governor Moses' debts. Yes; and they also think he deserves the rope if he is only half as great a rogue.

The Minister of the Interior has issued an order prohibiting the sale in Paris of the Nineteenth Century (newspaper) because it is "offensive to public morality."

The many friends of our venerable and esteemed citizen D'Arcy Paul, will be pleased to hear he is convalescing.—Petersburg News.

THE NEW BUFFALO SPRING.

Mecklenburg County, Va.

This Spring, discovered since the last Summer, is shown by analysis, made by Professor Vichy, to contain a LITHIA and a HEAVY PER CENTAGE of the Bicarbonate of Lithia than any other AMERICAN WATER. In fact, it is the CAN MINERAL WATER.

Only Spring in America containing LITHIA in any substantial quantity. It is this ingredient which has given such celebrity to the "Aix-la-Chapelle" Vichy and the Carlsbad waters of the continent of Europe. Professor George H. Wood, of the University of Pennsylvania, writes, "there is no higher authority in the Medical world, says: 'There is perhaps NO OTHER REMEDY from which

Equal Efficacy May be Expected.

In the removal of the deposits of the Urates of Soda in the joints, and ligamentous tissues in GOUTY patients, and in the ventral deposits in the KIDNEYS, BLADDER and URINARY PASSAGES.

Another distinguished writer says: "LITHIA is peculiarly a 'tail' to the cases of persons suffering from or threatened with GRAVEL, STONE GOUT, etc; there is perhaps

NO OTHER KNOWN REMEDY that promises GREATER RELIEF in such cases."

It may be fairly claimed then, that the NEW BUFFALO SPRING

IS THE GREAT

Remedy of America

in all this class of diseases. Its curative power, however, is by no means limited to this class. Its action upon the LIVER is most decided, and it is believed to disengage the secretions of the biliary organs, to be second to no other Spring in Virginia.

TELEGRAPHIC NEWS.

SUNDAY NIGHT'S TELEGRAMS.

Washington Affairs—Five Millions Gold to be Spent in June—Bristow to Succeed Richardson.

WASHINGTON, May 31.—The Secretary of the Treasury has directed the Assistant Treasurer to send to New York one million and a half gold on the first and third Thursdays of each week, and one million gold on the second and fourth Thursdays of each week, or five million during the month of June. There is no direction for the purchase of bonds.

The indications are that the President will on to-morrow send to the Senate the nomination of Col. Bristow to be Secretary of the Treasury. It will be recalled that Bristow was nominated for the Attorney Generalship at the same time Williams was nominated to be Chief Justice of the Supreme Court, but owing to the withdrawal of Williams, nomination, and as a consequence of his remaining in office as Attorney General, there was no vacancy to be filled by Bristow. It is thought there will be several important changes in the Treasury Department, in consequence of the confirmation of Bristow, who is now in Washington. The nomination of Richardson to be Associate Judge of the Court of Claims will also be sent to the Senate this week.

A Fiendish Murder in Tennessee—The Murderer Shot by Citizens.

NASHVILLE, TENN., May 31.—A man named Murphy, claiming to have come from Dover, Stewart county, Tenn., went to farmer's house in Tipton county yesterday afternoon and cut Mrs. Milton Donaldson's head open with an axe, killing her instantly. He also cut two great gashes in the head of a negro servant girl who subsequently ran to the alarm. Murphy was chased and caught, and confessed cutting of the negro. Mrs. Donaldson, the negro, however, identified him as having committed both the deed, and he was shot last night by citizens, his guilt being fully established. He committed the deed with the view of robbing Mr. Donaldson's safe which he supposed contained seven thousand dollars. The negro cannot survive.

Excitement in a Lunatic Asylum.

HARRISBURG, June 1.—Late on Saturday night an alarm of fire occurred in the State Lunatic Asylum, caused by a slight fire in the fan house so that smoke instead of pure air was blown into the main building. Great alarm occurred among the inmates, who broke the glass in windows to admit fresh air. Finally the doors were thrown open and about four hundred inmates were allowed to escape into grounds. Only 12 left the grounds, and all but six have since been returned. Among the missing was Gen. John Sydney Jones, of Philadelphia. Loss five hundred dollars. Two deaths have occurred here from trichina caused by eating raw ham.

A Railroad President Indicted for Embezzlement and Forgery.

CLEVELAND, O., May 21.—In the case of Rush Sloane, late President of the Cleveland, Sandusky & Cincinnati Railroad, it is stated that he returned to Windsor, Canada, some time ago, and that he had been settled with the railway company by the payment of \$250,000 and costs, but owing to some misunderstanding concerning the suits to be brought against him, the settlement was not effected. The payment of the above sum being construed as for settlement of civil suits only, Sloane was not satisfied and returned to Europe. The grand jury at Sandusky, this week, found fifteen indictments against Sloane for embezzlement, and nine for forgery.

MIDNIGHT DISPATCHES.

FROM WASHINGTON.

Congressional—Bristow Nominated as Secretary of the Treasury—Richardson Nominated as Judge of the Court of Claims, &c.

WASHINGTON, June 1.—The House passed under suspension of rules, a bill to amend the customs and internal revenue laws. Among the provisions is one that the time limited for redemption of direct tax of lands held by the United States under the several Acts levying direct taxes is extended for a period of one year, from June 5th, 1874, and another giving a drawback on exported tobacco, equal to the amount of duties which have been paid on imported licorice entering into its manufacture.

A Senate taxing bill of stocks, bonds, gold, &c., one twentieth of one percent, was afterwards incorporated in it. A proposition to revive the income tax was defeated.

A motion of Butler, of Massachusetts, to suspend the rules and refer the Senate to the Civil Rights bill to the Judiciary Committee with leave to report at any time was defeated by dilatory motions.

Butler has the right to report a Civil Rights bill at any time, and can report the Senate bill as an original measure.

The President sent the following nominations to the Senate to-day: Benj. F. Bristow, of Ky., to be Secretary of the Treasury; Wm. A. Richardson, to be Judge of the Court of Claims; Peter Newley, Assistant Treasurer at Baltimore.

The debt statement issued to-day shows a reduction during May of \$4,563,837, cash in the Treasury of \$1,958,579; currency, \$11,177,793; special deposit held in redemption of certificates of deposit, \$76,050,000.

The President will leave the city to-morrow for New York, where he goes to lay the corner stone of the Museum of Natural History in the Central Park, New York. The Cabinet session was therefore held to-day. Before the session of the Cabinet Gen. Bristow, who has been nominated to succeed Judge Richardson, had an interview with the President.

Solicitor Banfield has tendered his resignation.

The Attorney General has decided that the time which importation of goods is accomplished is not when they are entered for consumption, but when they are brought into a port of the United States with the intent to be there discharged, and that an act of Congress increasing in general terms the duties upon importations does not apply to goods then in warehouse.

The Senate in Executive session to-day referred to the nominations of Bristow, Richardson, and Newley, and Judiciary Committees respectively, and confirmed the nomination of Walter H. Johnson as postmaster at Columbus, Georgia.

In the open session Edmunds from the Judiciary Committee reported favorably on the bill to remove political disabilities of A. S. Taylor, Geo. N. Hollings and R. T. Allison, of Maryland, George Picket, J. W. Bennett, Henry Heth, James L. Pugh, E. M. Anderson, and L. L. Loeb, of Virginia, James Jackson of Georgia; S. E. The Alabama Editors called on the President to-day. Capt. Screws, of the Montgomery Advertiser, made a neat little speech to the President, to which the President replied in his usual style. The Alabamians have been hospitably entertained since their arrival by Messrs. Sloss, Sheate, Caldwell and Stokes.
